We thank you for considering our school and look forward to helping you achieve your goal to begin a Career in Trucking. CEE is authorized by the Alaska Commission on Post Secondary Education and our Basic Driver Training – CDL A six-week program is certified by the Professional Truck Driving Institute (PTDI).

In order to fully accomplish its primary objective, CEE continuously reviews its method of operations by maintaining ongoing dialog with students, graduates, transportation companies, and regulatory bodies. Although CEE does not provide employment placement, we do capture employment information in the industry from our graduates. Of the 72% that responded they are making an average wage of \$18.83 per hour.

Employers want PTDI graduates. They know that PTDI-certified courses are based on national standards determined by the trucking industry, which means new hires need little additional training. December 2009 through November 2010 the graduation rate of all students that enrolled in this course was 86% and 100% of the graduates earned their PTDI Certificate of Attainment.

To apply for admittance to CEE, a prospective student must complete an admissions application, provide their 10-year Drivers history, copy of Alaska Drivers License, and be interviewed and recommended by a member of the staff. Prospective students are given a school catalog. Applicants denied admission will be notified in writing of the reason and whether or not they may reapply. Final acceptance of the applicant, after reviewing the enrollment packet, will be made by a school official upon reviewing the student's application and admissions recommendation. Students are admitted and trained regardless of race, creed, age, religion, and sex.

In order to assist us in your application process, please complete the following questions and return this form along with your completed admissions application, 10-year Drivers History and clean copy of your Alaska Drivers License. Upon review of your application our admissions staff will contact you regarding your status and upcoming training opportunities.
